

APPLYING TO OUR PROGRAM:

All applications must be submitted through ERAS and medical school graduation within the past three years is preferred. **Please note we do not sponsor Visas of any type.**

ALLOPATHIC MEDICAL SCHOOL GRADUATES:

For current matches, we are only accepting applications through the Electronic Residency Application Service (ERAS). No paper applications are accepted, except after the match.

- All applicants must complete and submit via the Electronic Residency Application Service (ERAS) the following:
- An application with photograph and personal statement
- A letter from the dean of their medical school
- Three letters of professional recommendation
- Transcript of grades
- Copies of Step I and Step II USMLE Scores

Confirmation of all of the above documents is conducted through the applicant's ERAS account. It is the applicant's responsibility to monitor the submission of all necessary documentation. We realize that travel is expensive and time consuming; therefore, all applicants are prescreened before extending an invitation to interview.

All applications must be received by December 31 in order to complete the interviewing process by January 31. However, applicants are urged to submit their applications by November 15 to ensure that it receives the careful consideration it deserves. Candidates selected to interview will be notified in writing. Complimentary hotel lodging and meals are provided. Significant others are welcome.

All applicants must be eligible for application for a Pennsylvania temporary license.

Our ERAS match number is **2044120C0**. We are listed as **Heritage Valley Health System**.

The following criteria of the State Board of Medicine, Harrisburg, Pennsylvania, must be met prior to entering a residency program in Pennsylvania in order to obtain a training license:

- Four academic years totaling at least 32 months and 4,000 hours of instruction in medical curriculum must be received during medical school. Regular attendance shall be verified. No credit will be given towards this requirement for instruction which was obtained in other than an accredited medical college, except for clinical rotations assigned under the auspices of the medical college in which the applicant was enrolled while he/she participated in the clinical rotations.
- Seventy-two (72) weeks of clinical rotations during your medical school training in an institution which has a graduate medical training program in the clinical area for which credit is sought, or, if the institution is not within the United States, is either a formal part of a medical college or has a formal affiliation with a medical college.
